

To help kick start the summer for your leisure and fishing customers preparing for the season ahead, we've launched a new mail in **rebate customer promotion** across a range of Intellian TV products from now until August 31st 2022.

In parallel to the great savings to be had, we've got our 2022 special offer still running - **two free DIRECTV or DISH receivers** with every TV antenna bought. Please note that both of these offers are only valid in the USA.

We're fully stocked across our range and encourage longer order lead times to allow for potential shipping delays that are impacting everyone globally.
